

# Subaru

Curtis Waters

I saw you first  
Study hall with both of your friends  
I know it hurts  
Stuck inside my memory lane  
I walked you home  
It was cold and rainy that day  
I walk alone  
Now nothing is the same

If I loved you once  
Then I might love you forever  
Hold your tongue  
Because my eyes might get wetter  
And I'm sure it hurts  
You can cry on my sweater for help  
Except I loved you twice  
And we came back to the center  
Nothing's fixed  
And I know nothing gets better  
You go from nice to freezing  
Like the Calgary weather, for real

If I were you  
I'd hang my dreams up high  
I'd hang my dreams up high yeah  
Subaru  
In the back of the car I feel like I might die alone  
If I were you  
I'd hang my dreams up high  
I'd hang my dreams up high yeah  
Subaru  
In the back of the car I feel like I might die alone

My friends  
Are so high  
I can't breathe  
Paranoid  
Heart beat  
Is racing  
I'm shaking  
I'm annoyed  
In the back of the car  
And I'm barely home  
In the back of the car  
And I'm barely home  
Hate on us yeah they  
Hate on us  
All my old friends left me in the dust  
Polaroid pictures on my purse  
Polaroid pictures of her  
Like woah  
And I melt into the floor  
Saw you by the door  
Walking in with someone else  
My friend's like where'd he go  
Really need to let you know  
Slurring all my words cause I'm too fucked up

If I were you  
I'd hang my dreams up high  
I'd hang my dreams up high yeah  
Subaru  
In the back of the car I feel like I might die alone  
If I were you  
I'd hang my dreams up high  
I'd hang my dreams up high yeah  
Subaru  
In the back of the car I feel like I might die alone

I ain't perfect  
I ain't perfect  
I ain't perfect  
I don't know  
I'm a burden  
I'm a burden  
No, I'm not  
I've just been hurting  
I've been trying  
Hope you knew  
Thought of dying  
Nothing new  
Nothing new  
Woah oh woah  
Hey! Runaway runaway runaway  
You can't stop me  
Hey! Runaway runaway runaway  
Until nothing hurts me  
Don't follow me follow me  
There ain't nothing for me  
There ain't nothing for me  
It won't ever be the same  
Yeah yeah  
It won't ever be the same
