Curve

I am me and that ain't so bad I know who I am and I always have  
Let me help you, show you the way You'll only get lost if you  
listen to what they say

Your nothing without me No one of interest Your nothing without  
me Don't forget

You are you and who is that Now you lie as a statement of fact  
Always the victim, never the crime Now you cry is my life reall  
y mine

I'm nothing without you No one of real interest I'm nothing wit  
hout you Don't forget

La, La, La, La, La, La, La

Your nothing without me No one of real interest I'm nothing wit  
hout you Don't forget
