

# A Decade Long Sunset

**Cut Copy**

When the moment comes  
Our words wash away  
When the moment comes  
Night turns to day  
When the moment comes  
The singers can start  
When the moment comes  
Back to your heart  
When the moment comes  
Our words wash away  
When the moment comes  
Night turns to day  
When the moment comes  
The singers can start  
When the moment comes  
Back to your heart
