

Cold Water

[Cut](#) [Copy](#)

All I need is you
In the midnight sun when dreams are gone
All I had was you
On a highway far, underneath the stars
All you said came true
See cities run and names that burn
What I am I to do
Where the streets so bright disappear tonight

(Ooh-ooh) The sky is falling down
(Ooh-ooh) Or am I falling up?
(Ooh-ooh) Feet are off the ground
(Ooh-ooh) Cold water takes me now

All I need is you
In the midnight sun when dreams are gone
All I had was you
On a highway far, underneath the stars
All you said came true
See cities run and names that burn, oa-woah
What I am I to do
Where the streets so bright disappear tonight

(Ooh-ooh) The sky is falling down
(Ooh-ooh) Or am I falling up?
(Ooh-ooh) Feet are off the ground
(Ooh-ooh) Cold water takes me now

(Ooh-ooh) The sky is falling down
(Ooh-ooh) Or am I falling up?
(Ooh-ooh) Feet are off the ground
(Ooh-ooh) Cold water takes me now

Freedom is pulsing away in the ocean
Freedom is all, but I wont be free from love
No I wont be free from love
No I wont be free from love
From love...
