

Solid

[Cut](#) [Copy](#)

So we know
There's so far to go
But It's so long
Just to get here
Some step out
To the great beyond
And some take aim
Just to stop them

Building a bridge to place unknown
Holding up walls and the cracks they show
Make it, if you want it
Baby, we'll be solid
Building a bridge to place unknown
Holding up walls and the cracks they show
Make it, if you want it
Baby, we'll be solid

Lost my head
In Lake Michigan
And found again
In Dakota
Cut the stone
To the sky we go
And brick by brick
We will get there

Building a bridge to place unknown
Holding up walls and the cracks they show
Make it, if you want it
Baby, we'll be solid
Building a bridge to place unknown
Holding up walls and the cracks they show
Make it, if you want it
Baby, we'll be solid

Building a bridge to place unknown
Holding up walls and the cracks they show
Make it, if you want it
Baby, we'll be solid
Building a bridge to place unknown
Holding up walls and the cracks they show
Make it, if you want it
Baby, we'll be solid
