

## Is It Magic?

Cut Worms

I got a love I intend to keep at all costs  
After all that we've been through, now nothing is lost  
Ah, doesn't anybody have a job?  
Ah, doesn't anybody see?  
Ah, if you don't know now, then never mind  
How could I make you believe?  
In this magic feeling I'm having  
Oh, I'm at the moon  
Over you

I got a love, and it's gonna be true without end  
Now the change is coming all over again  
Ah, doesn't anybody have a job?  
Ah, doesn't anybody see?  
If you don't know now, then never mind  
How could I make you believe?  
In this magic feeling I'm having  
Oh, I'm at the moon  
Over you
