

# The Last Thing

Cutting Crew

I won't wait for you, I won't wait for you  
In the morning  
Cause the last thing that I want  
Is to see you cry

And I won't ask of you, and I won't ask of you  
No secrets  
Cause I don't want to be the one  
To see you cry

Help me mama, help me mama  
Through these things I feel  
Help me father, help me father  
Through these things I feel  
So I can believe...

So I won't shelter you, I won't shelter you  
In the morning  
Cause the last thing that I want  
Is to see you cry

Help me mama, help me mama  
Through these things I feel  
Help me father, help me father  
Through these things I feel  
So I can believe...

So I won't give to you, I won't give to you  
Forgiveness  
Cause the last thing that I want  
Is to see you cry  
No the last thing that I want  
Is to see you cry  
No the last thing that I want  
Is to see you cry
