

Creature

Cxloe

On the edge of my bed
Pulse is thumping along
Something's telling me yes
But my instincts are always wrong
What goes bump in the night
Makes me howl at the moon
I'm retracing my steps
Tracks are leading back to you

Crawling at the walls
Need another taste
Anything to take me to that place

'Cause I'm a creature, creature
Can't seem to shake the habit
I need you, need you
Not my fault, I got to have it
Don't mean to unleash her
You're chaos and I'm the static
Creature, creature
Creature of all my habits

It's so deep in my bones
When I'm trying to sleep
All I'm thinking about
Is how to get you back to me
I'm on top of the world
Take the air out of me
Got me feeling a way
That I would die just to keep

Need to have it all
Whatever it takes
Anything to get me to that place

'Cause I'm a creature, creature
Can't seem to shake the habit
I need you, need you
Not my fault, I got to have it
Don't mean to unleash her
You're chaos and I'm the static
Creature, creature
Creature of all my habits

Creature, creature
Creature of all my habits

Got to have it
Got to have it

On the edge of a cliff
I know better than this
But I won't ever quit
No, I won't ever quit

'Cause I'm a creature, creature
Can't seem to shake the habit

I need you, need you
Not my fault, I got to have it
Don't mean to unleash her
You're chaos and I'm the static
Creature, creature
Creature of all my habits

Got to have it

Creature, creature
Creature of all my habits

Got to have it
Got to have it
