Cry & Drive

Cxloe

You said...
"You're breaking up
Are you still there?"

I'm...
Not really sure
But I say yeah
Rolling down, windows
I'm having trouble breathing
Speeding a little...
These days, freeways
Only thing I believe in...

I've been through
I've been through hell
And I know you know
The sound of me losing myself

I've been feeling alone
I don't know where to go
I've been looking for home
While I'm running away
On the side of the road
Pulling over, you say
Don't cry and drive
I've been feeling alone
I don't know where to go
Could you stay on the phone
Could you talk me down
On the side of the road
Pulling over now
Don't cry and drive

Put my seat back in fight or flight
Not really sure do I have time?
To feel this, til I, don't need to anymore
"Keep it simple"
Says the neon on sign outside my door

I've been feeling alone
I don't know where to go
I've been looking for home
While I'm running away
On the side of the road
Pulling over, you say
Don't cry and drive
I've been feeling alone
I don't know where to go
Could you stay on the phone
Could you talk me down
On the side of the road
Pulling over now
Don't cry and drive
Don't cry
Don't cry
Don't cry
Don't cry and drive

```
Don't cry
Don't cry
Don't cry

I've been thru
I've been thru hell
And I know you know
The sound of me losing myself
I wear it
I wear it well
And I know you know
The sound when my eyes start to swell

I've been feeling alone
I don't know where to go
I've been looking for home
While I'm running away
On the side of the road
Pulling over, you say
Don't cry and drive
I've been feeling alone
I don't know where to go
Could you stay on the phone
Could you talk me down
On the side of the road
Pulling over now
Don't cry and drive
```
