

Half Of Me

Cxloe

You're the only one that keeps me coming back every time
Feeding off your love cause I can't get enough like a parasite

When it gets that time of night
Feel it running down my spine
In my fault by my design
Anything to make you mine

Stay here with me, no distractions
Fall to your feet, let it happen
Could you imagine

You could be, you could be, you could be everything
Everything, everything, everything that I need
I'd give it all, give it all, give it all 1 2 3
Can't give you half of me
You could be, you could be, you could be everything
Everything, everything, everything that I need
I'd give it all, give it all, give it all 1 2 3
Can't give you half of me

Don't mistake me for a creep
Cause you've seen that underneath
I've got highs and lows
Everything I think
All the feelings that I keep
I want you to know

When it gets that time of night
Feel it running down my spine
In my fault by my design
Anything to make you mine

You could be, you could be, you could be everything
Everything, everything, everything that I need
I'd give it all, give it all, give it all 1 2 3
Can't give you half of me
You could be, you could be, you could be everything
Everything, everything, everything that I need
I'd give it all, give it all, give it all 1 2 3
Can't give you half of me

Can't give you half of me
Can't give you half of me
