

Plans

Cxloe

I don't have any secrets left
You know how to steal my breath
We don't have to get undressed
You already see through my chest

Love is pathetic
But, baby you get it
Who am I, who am I without you?
It hurts but I let it, I do
Unapologetic for you
Do or die, do or die, do or die
You know that I

Got no plans
You're my plans
We slow dance
Shirt, no pants
Going out
Makes no sense
Got no plans
You're my plans

You're my plans
My body's in Tokyo
But my heart is still with you at home
Yeah, I've been sleeping with my phone
I dream of you until you call
I know

Love is pathetic
But, baby you get it
Who am I, who am I without you?
It hurts but I let it, I do
Unapologetic for you
Do or die, do or die, do or die
You know that I

Got no plans
You're my plans
We slow dance
Shirt, no pants
Going out
Makes no sense
Got no plans
You're my plans

You're my plans
You're my plans

Love is pathetic
But, baby you get it
Who am I, who am I?
It hurts but I let it, I do
Unapologetic for you
Do or die, do or die
You know that I

Got no plans
You're my plans
We slow dance
Shirt, no pants
Going out
Makes no sense
Got no plans
You're my plans
