

Stretch

Cxloe

Never said I was gonna a bed of roses
But I think you might be the therapy for my neurosis
Said you might be but didn't notice
That I'm high key a bit explosive

Pushing your patience
Too far, I take it
It's a workout chasing me

Can you stretch
When my fear falls off the edge
When I keep you pulling at threads
Can you reach inside my head
Can you stretch
With your hands
Make my body understand
Can you bounce right back rubber band
When I put you to the test
Can you stretch

Wanna fall on your fingertips when I get distant
Can you promise me that you'll give a shit and go the distance
Say you give shit
Well baby show it
I'm a sinking ship, but I ain't hopeless

Pushing your patience
Too far, I take it
It's a workout chasing me

Can you stretch
When my fear falls off the edge
When I keep you pulling at threads
Can you reach inside my head
Can you stretch
With your hands
Make my body understand
Can you bounce right back rubber band
When I put you to the test
Can you stretch

Can you stretch
When my fear falls off the edge
When I keep you pulling at threads
Can you reach inside my head

Can you stretch
When my fear falls off the edge
When I keep you pulling at threads
Can you reach inside my head
Can you stretch
With your hands
Make my body understand
Can you bounce right back rubber band
When I put you to the test
Can you stretch
