

Bye Bye Forever

Cyhra

I don't wanna bleed falling through this shadow day
As I fake another heartbeat
But there are moments when I'm stronger
I give in, you win, bye bye forever

Count the odds I am over the line
A bet I win over time
This is not enough for me
Stand your ground, you've been cornered cold
Face the truth you are all alone
Sleeping with your enemy

I can fake every smile I'd engage the fire
I would walk down the aisle, has the world conspired
But I've come to the point where I've had enough
You're down to zero but acting like a hero

Place your bet
This is my call
Keep acting like a hero

I don't wanna bleed falling through this shadow day
As I fake another heartbeat
But there are moments when I'm stronger
I give in, you win, bye bye forever
I don't wanna bleed falling through this shadow day
As I fake another heartbeat
But there are moments when I'm stronger
You're done, I've won, bye bye forever

Win the pot, with a castle of sand
You fold yet another hand
You have seen the last of me
Stand alone as you lost it all
Face the fact I won't catch your fall
Hit me I'm your destiny

I can fake every smile I'd engage the fire
I would walk down the aisle, has the world conspired
But I've come to the point where I've had enough
You're down to zero but acting like a hero

Place your bet
This is my call
Keep acting like a hero

I don't wanna bleed falling through this shadow day
As I fake another heartbeat
But there are moments when I'm stronger
I give in, you win, bye bye forever
I don't wanna bleed falling through this shadow day
As I fake another heartbeat
But there are moments when I'm stronger
You're done, I've won, bye bye forever

I don't wanna bleed falling through this shadow day
As I fake another heartbeat

But there are moments when I'm stronger
I give in, you win, bye bye forever
I don't wanna bleed falling through this shadow day
As I fake another heartbeat
But there are moments when I'm stronger
You're done, I've won, bye bye forever
