

Lies

Cyhra

Steering straight into a million favors
Lift me up an epiphany
Hold my life I'm a fallen son
Fuck you fate I'm done

With a decent dose of hate I kneel
View the cards you've given me

And let me get this straight
I'm not your counterweight
Truthfulness awaits

Feed me lies
It's time to pull the brakes you sold me
Lies lies lies
I'm feeling abused yet amazed how you're staying alive
Feed me lies
Been waiting for the truth to show the
Lies lies lies
There are few things I honor with pride
You've been crucified

Showing off as a know-how figure
Gained respect from a made up life
Gave you shelter but now I'm done
Fuck what you've become

With a golden charm you fooled us all
Trust you saved you caught your fall

I'm not gonna wait
So here's your final fate
Judgment day awaits

Feed me lies
It's time to pull the brakes you sold me
Lies lies lies
I'm feeling abused yet amazed how you're staying alive
Feed me lies
Been waiting for the truth to show the
Lies lies lies
There are few things I honor with pride
You've been crucified

It's time to sell what you sold me
I feel abused yet I'm amazed
And if you wait for a sign
Well then you shall stand in vain
Well there are few things I honor
But here's a message for you all
Trust me I'm never gonna catch your fall

Feed me lies
It's time to pull the brakes you sold me
Lies lies lies
I'm feeling abused yet amazed how you're staying alive
Feed me lies

Been waiting for the truth to show the
Lies lies lies
There are few things I honor with pride
You've been crucified
