Cymphonique

Yeah baby

Baby Come on can we lay it down  
Ooh this feels so right  
Yeah yeah yeah yeah yeah yeah  
We can make it, there's no rush we can go  
We can go wherever you want oh yeah  
We can take it slow, or we can speed it up  
It's whatever you want baby there's no rush  
You take your time, I can take my time  
You can stay all night (It's only right)  
Let my body be your body you can learn what I like

Baby I can't wait  
If we go there take me there (baby I can't wait)  
The feeling that your givin me why you gotta stare at love it when you stare  
me (baby I can't wait)  
Boy if you give you all you can get all of me (baby I can't wait)  
Baby I can't wait (Now, now, now, now, now, now)  
(Baby I can't wait)

I can do whatever want do whatever you need (baby I can't wait)  
Bet you never have one do you better than me (baby I can't wait)  
Boy if you give you all you can get all of me (baby I can't wait)  
(Baby I can't wait) (Baby, Baby)  
I see you ready so we bout to to take it there (take it there)  
Show me everything about you I don't care (I don't care)  
And if you feel what I'm feeling and I ain't stopping you and  
You stopping me and I'ma be the one to give you what need

Don't be scared (Baby don't be scared) I know you talk a game  
But do you play fair baby, baby do you play fair  
Now that I got you that's more than enough  
When I'm with you we be turning it up  
When I'm you than it all adds up  
When I'm you then I can get enough

Baby I can't wait  
If we go there take me there (baby I can't wait)  
The feeling that your givin me why you gotta stare at love it when you stare  
me (baby I can't wait)  
Boy if you give you all you can get all of me (baby I can't wait)  
Baby I can't wait (Now, now, now, now, now, now)  
(Baby I can't wait)

I can do whatever want do whatever you need (baby I can't wait)  
Bet you never have one do you better than me (baby I can't wait)  
Boy if you give you all you can get all of me (baby I can't wait)  
(Baby I can't wait)

Yeah  
I can't wait  
Baby I can't wait
