

Do Dat Dance

Cymphonique

Oh do dat dance
Do dat dance do dat
Over here put down here (let's go)
Walk with it dip with it (baby)
Walk with it dip with it (come on)
Walk with it dip with it
Come on let me see you now

You make wanna didn't wanna wish
Start a new relationship with you
That's is what you do
On the late night cribs
Told my boo I was out with my team
Meet you on the calogy
I wouldn't be me if I didn't get my baby
A little time to see me (a little time to see me)
Got me on your ring there baby

I don't want to go through this no more
I don't want to play this games with you
Got me of your phone your messing with the wrong fool
I can see through this games you play
Let's just keep this me and you
Got a little something with my boo
And we ain't gonna tell nobody
This is our private party
So tonight drunk
So tonight drunk in love with you
Do dat dance, Do dat dance

You make wanna didn't wanna wish
Start a new relationship with you
