

Let's Dance

Cymphonique

I've been standing on the wall
Waiting to dance with you
I'll be here to catch you if you fall
Ready to show you, what I got (what I got)

I wanna see you rock ya body
Rock - rock ya body
Grab somebody
Grab - grab somebody
Rock ya body
Rock - rock ya body
Grab somebody
Grab - grab somebody

Let's dance, like we've never danced before
This Is your chance
So what are you waiting for
This is a once in a life time moment
So ride the waves in this beat like an ocean
Let's dance, like we've never danced before

Hey DJ, turn it up [x3]
