

Slow Down

Cymphonique

I tell 'em slow down
Know you can't catch me
I move too fast for the gas, don't chase me
Slow down
Slow down

I tell 'em slow down
Know you can't catch me
I move too fast for the gas, don't chase me
Slow down
Slow down

Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it

Look, I'm feeling like I'm Nino
Packets full of sinos
My back is light like a casino
It went out like gust, that's what we know
'Cause we shot it down everywhere that we go
A mile away you can see me coming
And I ain't never slowing down, I'm gunning
Staring hard but it ain't bout nothing
Chanel shoes, like 1500

Ease up 'cause you know you can't catch me
Skating all out, like it's Wayne Gretzky
So what I'm tryina say is you don't wanna test me
'Cause I be standing on top where the best be
So you wanna come in the spaceship
'Cause the fam grill got a facelift
See you make none with make ships
You make songs, we make hits

I tell 'em slow down
Know you can't catch me
I move too fast for the gas, don't chase me
Slow down
Slow down
I tell 'em slow down
Know you can't catch me
I move too fast for the gas, don't chase me
Slow down
Slow down

Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it

Oh, you better show it
And if you got it, show it

I'm on a case, getting sideways
Dollar four five on a highway
You know it, state the stay
On a dolo mission I got a date with the K
Wide awake, 3 AM, probably touch down when the sun come in
When them guards hit the gate up, I'm tired as fuck after that 8 hour racing
I come from the land where we swing our cars
Figure eight dance, concretely Mars
Call it pain, supercharged, back to back, race the Benz with the photo Porsc
he
I'm tearing up tires in this luxury
Hella smoke says you wanna fuck with me
Money on my mind, ain't nothing for free
Tryna keep up with me but it's nothing to me

I tell 'em slow down
Know you can't catch me
I move too fast for the gas, don't chase me
Slow down
Slow down
I tell 'em slow down
Know you can't catch me
I move too fast for the gas, don't chase me
Slow down
Slow down

Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it
Oh, you better show it
And if you got it, show it
