

Alright

CYN

Would be a perfect student
An ideal contribution
Yeah, she's a general nuisance
Can't hold her tongue still
An attitude adjustment, so needed right this moment
Yeah, she's a class distraction
Give her a chill pill

Always on our case, always in our face
They don't let us live
With so much to say 'bout us but

We didn't crack under the pressure
Yeah, we made it OK
See, we came here from some nowhere and we came here to play
No need to talk about it, think about it
It's all meant to be
Yeah, we're alright
A-alright
We turned out alright
(Ah, ah)
We turned out alright
(Ah, ah)
Yeah, we turned out alright
(Ah, ah)
We turned out alright
(Ah, ah)
Right

It came with much amusement, a note that none included
Said of a boyish student
Can't stand prosperity
A day spent in detention provided inspiration
A new way of intention
He found a remedy

Always on our case, always in our face
They don't let us live
With so much to say 'bout us but

We didn't crack under the pressure
Yeah, we made it OK
See, we came here from some nowhere and we came here to play
No need to talk about it, think about it
It's all meant to be
Yeah, we're alright
A-alright
We turned out alright
(Ah, ah)
We turned out alright
(Ah, ah)
Yeah, we turned out alright
(Ah, ah)
We turned out alright
(Ah, ah)
Right

Always on our case, always in our face
Always on our case, always in our face
Always on our case, always in our face

We didn't crack under the pressure
Yeah, we made it OK
See, we came here from some nowhere and we came here to play
No need to talk about it, think about it
It's all meant to be
Yeah, we're alright
A-alright
We turned out alright
(Ah, ah)
(We turned out alright)
We turned out alright
(Ah, ah)
(Joke's on you this time)
Yeah, we turned out alright
(Ah, ah)
(We turned out alright)
We turned out alright
(Ah, ah)
Right
