

Got Candy

Cyndi Lauper

Seeking fun loving
Open-minded male
Slightly worn but not broken
If you're looking for life's pleasure
Cure of heart, cure of mind
And tenderness in your kiss

Hey, hey, wishing on a star
Driving in her car
Yeah, yeah, yeah, yeah, yeah

I love life, nice books
A good smile, good looks
Drop a line, spend some time
Not discrete about it
Love's a fine remedy
There's no doubt about it

Dreaming in the dark
Dreaming of a spark
Yeah, yeah, yeah, yeah

She's not alone
She's got candy, now
Home of her own
She's not alone
She's got candy now
She's got her candy
She's got candy now

I am rugged, read
And laugh a lot
I'm the beast you can cure
With what you got
It's no lie
I'm an easy-going guy

Letters from a far
Driving in her car
Yeah, yeah, yeah, yeah, yeah

She's not alone
She's got candy, now
She's got candy
She's got candy, now
