

# Carbon-based Anatomy

Cynic

homo sapiens  
and your carbon-based anatomy  
the child you're looking for  
is starved and lost, a memory

drop the knife  
leave your arms behind  
just for a moment  
calm the mind  
the longing never ends  
not while you're human

what if you could hold  
your mother's heart  
inside your hands  
would you seek blood again  
would you find the karmic thread

drop the knife  
leave your arms behind  
just for a moment  
calm the mind  
the longing never ends  
not while you're human

stop the clock  
drop the storyline  
just for a moment  
stop the clock t  
he longing never ends  
not while you're human
