

Fall in love just to fall out of it  
When your heart's on the table and she say "hit the deck"  
So you try to be patient, women of regrets  
Trying to forget words that you wish you never said  
She only know how, but never ask why  
I swear I see red when I look in her eyes  
So I look to the future, turn to my craft  
If you wanna turn tables, you'll turn into my past like that (like that)

This pill kinda hard to swallow  
This ain't the type of drug for the weak hearted  
We just catching waves in this ocean  
Let's talk about tomorrow when you heard about it  
I've been getting good at saying yes (yes)  
We really bad with all the shit that follows  
I still see a future with my ex  
Because she saw potential in the old Cyrus

I've been on a ride and I'm not sure where it goes, yeah  
But at the end of the day, these are just waves  
If we gotta try just to find out we're wrong, ooh yeah  
Then at the end of the day, these are just...  
Waves, waves, waves, waves  
Waves, waves, waves, waves

I don't chill with my people  
Choose to blow steam by blowing on the reefer  
That shit made me dumb like my sister snorting White Boy  
I just fucked a black girl that never fucked a white boy  
I just had a threesome on a bed that I don't own  
And I still wash my sheets when I made it back home  
I ain't proud of my past and neither is Father Time  
But his daughter got an ass so fat that we put that shit behind us

It's hard to be a role model  
Shit my damn career is still flowing money  
We just catching waves in this ocean, yeah  
Let's talk about tomorrow when you heard about it  
I've been getting good at saying no (No)  
But even better at just starting problems  
I'm my father's son after all  
And if this shit stop, it's what I fucking wanted

I've been on a ride and I'm not sure where it goes, yeah  
But at the end of the day, these are just waves  
If we gotta try just to find out we're wrong, ooh yeah  
Then at the end of the day, these are just...  
Waves, waves, waves, waves  
Waves, waves, waves, waves

Waves  
Ooh, waves  
Ooh, ooh
