

# A Name To The Face

Czarface

Who's this fucking Czar-Czarface?

Czarface?

Doesn't make any sense

Who is it? that- that's Inspectah Deck

Czarface for those who don't know is

Esoteric and-and Inspectah Deck, 7L

Czarface, Czarface

I mean- just- wow, wow

Inspectah Deck is a monster

You know he's the first, probably one of the first rappers to have comic book references

Czar-Czarface

Ce-zar face?

Czarface, you know what I'm saying

Oh, Czarface

Yeah

Personally, I don't care which way they want it, only make up your mind

Excellent, Czarface

Maybe it's Czarface, [?]

Czarface

The one line, he goes, "Sit your ass down like a Marvel end credit"

And another reason I love Esoteric

And if you didn't know what the references were

Oh, here we go

Oh

New MF DOOM and Czarface collab, hopefully, I said Czarface right

Czarface affrontera-t-il MF DOOM de nouveau?

Czarface

Once again

We're here with the gentlemen of Czarface

Yeah, yeah

Do you prefer for one of you to be like colloquially known as Czar and the other Face?

Or is it really like an allusion of the two together?

It's Czarface

Inspectah Deck, Esoteric, and uh 7L

Czarface

Czarface

It's C-Z-A-R

Or is it Czarface, not Scarface?

I can't ever seem to say it right

Czarface

I personally fucking popped where he goes, um-

Czar- Czarface

I tell ya, the other day I was wearing my Czarface shirt, my buddy comes up to me, says, "hey, what's Cesarface?"

Cesarface

"Cesarface!"

There is alot more "Czarring" going on, uh, "Harlem" is now "Czarlem", it's now a "Czarrcade"

Oh yeah, it was Starrcade

Producers are the Czar-Keys, instead of the Bar-Keys

Oh yeah that's right!
