

# All In Together Now

Czarface

I don't do it like everyone else  
Check our pro, boy  
The flow grab your soul like the devil himself  
Always knew that I was headed for wealth  
Young gun salute, the triple O, so the presence is felt  
And this is for my diehard day ones  
Who came from the same place I came from  
Where you get your name from?  
I earn my stripes, I write that  
Eternal flame, type of shit that will burn for life, yeah  
It's levels to this here, your's under mine  
Cool J with the flow, ladies love the shine  
I'm hotter than Sudan in the summertime  
Verbal mind, now you must be out your fucking mind  
Right, living it up, make the honnies hot  
Boss, I listen up when the money talk  
And never paid a thought to the dummy talk  
Funny talk, that's hating what you love me for

All in together now

You lack the minerals and vitamins native to my environment  
I'm on the new level, true rebel, vibin' it  
I'm loyal, I'm royal, and boy, it's a requirement  
I'm more savage, you're below average, you don't have it  
New wins for the team, and that's an old habit  
Pro status don't met us, but crack your whole carriage  
And I'm allowing the proud legally swing  
The crown that I wear's a cow beef with the king  
I'm technologically advanced, leaving a slang  
Genius intellect, flexing on the demons to cling  
I'm daily deadly, but I don't know who gave it away  
It's safe to say that it's my victims, pray for my prey  
Some of this ain't fun, the work is A1  
I had a dangerous name since day one like James Gunn  
But I ain't licking wounds, cause I know where the pain's from  
So if you need a pic, you just allow me to paint one
