

Takin a vacation, 80s animation
Gimme DVDs and a throwback station
Put a pizza in, Friday night
I can get it on
Drink a 2 liter out the bottle with the slippers on
Sit back, "Thundercats, ho!"
Panthro, greater than Lion O
Time for GI Joe
Duke made me puke
I was always into Snake Eyes, always into Timber
Lady Jaye was limber
Deep thoughts always hit me when I'm on my sofa
Like who had the worst aim: Stormtroopers or Cobra
Cookies in my left, controller in my right hand
Now I'm watchin Spidey, Firestar and Iceman
Flip to, some older shit and I guess
It's either Space Ghost, Herculoids, or Johnny Quest
I love that Alex Toth art
It's something like a lost art
You know what I'm about
Watchin Force Five on the couch

Couple hours pass now
It's how I relax now
Been watchin Scooby Doo for about a half now
Couch potato, wolfing down some Cheetos
Hennessy, a little Tennessee tuxedo
From the 60s, or maybe Bill Bixby
Your knowledge ain't shit if you gotta use wiki
And this is coming from my head, from my memories
Challenge of the Super Friends, yeah the 70s
No sulkin', just watch Black Vulcan
And Dynamutt and Blue Falcon, so dope
Gee man, I had the power like He-Man
I loved the show before I was an EPMD fan
Bumblebee, Starscream, Megatron, Optimus Prime
Had me fallin right in line when it was time
