

Damien's Dinner Time

Czarface

Now's the time to introduce the joints
Pace-pace
Some-something's what?

I'm down the Cape with a cape on
You're three states away with no breeze getting your fake on (CZARFACE)
Whatcha whole shit is based on?
My flow is napalm anyone I take on
Cus I'm a pro fella, you ain't a Coachella
You flying coach with ella in that local dope seller
My sidekick said never side with sidechicks
But I tell 'im like this
My dick size and whip so priceless
That it deserves a heist flick, and I
Wash my hands before I piss
[?] crisis on infinite earths, infinite burst
The most [?] curse

Whatever you say, CZAR

First and foremost, the next Czar award show should be
ODB's force ghost, rest in peace

Heads numb, pressure on your neck like a DDT
Heads numb, pressure on your neck like a DDT
DDT, BDP, DDT...

Squeeze it, crook it, lock it in

I hit 'em like leads to the chest
I wanna see hands to the forehead when my presence is blessed
INS, live in the flesh
They pay me the cash because they pay me all kind of respect
Nike sweats and designer specs, fly as it gets
Try your best shine similar to diamond baguettes
Your highness, define fresh quiet as kept
Bet before they write me off they'll be writing a check
On the reg I'll be minding my biz, you know
Chillin' home, stroke wifey up, spend time with the kids
I'm just tryin' to live private, lake right beside the crib
So why they wanna hate, that's what grindin' did
You know what time it is
No time to kid in my line of biz
Boss you crossed the wrong line
I'll line your wig
[?], supply and fire for the highest bid
Bottom line I'm best described what a pariah is

Ay yo, fam
Listen, these small timers robbed Piocalles Jewelry

Heads numb, pressure on your neck like a DDT
Heads numb, pressure on your neck like a DDT
DDT, BDP, DDT...

Squeeze it, crook it, lock it in
That's one way, another way is...

Heads numb, pressure on your neck like a DDT (Squeeze it)
Flow quarantined by the CDC
