Everybody rap and they're violent

Everybody wanna make a name, wanna play the game

Wanna gain fame, but on the bigger scale they are silent

Yeah, you better call your mother now (Do-dog)

You in a whole world of trouble now (Dog)

That's a lot of shit to shovel now (Dog)

And every single rap went bla-bla-blaow (Dog)

Fuck your Kickstarter and your Patreon (Dog)

You are one sad homosapien (Dog)

That is not the way to dress (Dog)

That style been laid to rest (Dog)

Everything is #Blessed (Dog)

'Cause you got a score to settle with your ex (Dog)

Smile extra big for the photo (Dog)

Make sure you include the logo (Dog)

Yo, it's all kind of pitiful

Broadcasting happiness might mean you're miserable (Dog)

You don't give off the goon vibe (Dog)

Seen you lipsyncing to Maroon 5 (Dog)

There are more crack dealers on the mic (Dog)

Than there are crack users, you know I'm right

Wait, you make stacks

But rent your Maybach

No I don't play that

Or entertain that

I met your dame back-

Stage, I'll say that

She deserves much more, gender pay gap (Dog)

To every Tom, Dick, and Jill and all

Optometry the way I make Inspectah killer y'all (Dog)

Ooh, I think somebody shit it (Dog, dog)
