

# Fearless & Inventive

Czarface

And for many people that'll be another chance to see those two wonderful non-human friends of ours, the robot-

IG-88, Dengar (Oh my god)  
IG-88

No stop, bounty hunter  
No stop  
IG-88, bounty hunter

Hire like a bounty hunter  
Coming out Rambo, top-notch with [?] handle

I ride around in a coop, FU predator, not slick competitors  
Mediocre metaphor, block that type of object  
Caters all week, surprise them on contact  
Catch 'em on the Boarback, damage like a sword that  
Don't stop, tik tok  
Watch you like a wristwatch  
Pitcher style, ping-pong  
Never rock a G Shock  
On and off, Bank Shot (Oh my god)  
Where he at? Who she with?  
That's him right there  
No shit, apprehend him  
Im'a win, find him  
Clobber him, Ben Grimm  
So slim, never stop searching  
She gon keep working  
Workin' for the Birkin  
Till I find the person  
Hunt like a warrior  
Harpoon, nautica  
That's right, slaughter ya  
Meet back back pack  
Damage any class act  
Triple six, Big Mac  
Go with the bounty, with the biggest shoes and big hat

No stop  
No stop  
No stop, bounty hunter  
(Operator) No stop

Yo, yo  
Eight to ten bars and I Dash like Rendar  
Taking out Jedi knights like the Knights of Templar  
IG-88 and Dengar  
We pen spar, leave em with the fresh scar, on the Death Star  
My style extends farther than the Outer limits  
Or should I say, further  
Maniac, Brainiac when I murder (CZARFACE)  
I'll rule my Darth side if you join the Dark Side  
When I'm down the Cape, I'll be swimming on the shark side  
I'm like R2, you're popular as R5  
I'll pull a Wyldstyle like a file out the archive  
I'm like Dominique, I'm a human highlighter

My mind darker than Gary Numan eyeliner  
I call the shots like Patton Oswalt did Boba  
My flow tighter than a suit on a crimefighter  
Live wire bitch Stringer Bell on Broadway  
Rhythm exit E-S tell them what the gods say

I seem to be a bit stiff  
But not near as stiff as you were when we first found you
