

Why Me

D'Banj

No long thing,
Mo-hits records.
Its don jazzy again.
Am dbanj my german friends call me skibanj.

Why me o (kokolets 1 2) [x2]
Dey try me (kokolets 1 2)
Dey try me

She said she wanted to be mine
That my koko tracks are wild,
So tell me why me o
But it was a one night stand
Baby don't u understand

So tell me why me o (why me o)
Why me o (why me o)
Dey try me (dey try me)
Dey try me.

I don't know how to say this
But this girl drives me crazy
Cause I cruise in town with a mercedes
So she said she wanna have my baby,
First when I met her,
She said koko master come test her,
We could do it ones,
Twice maybe better,
Wanna test my skills
So I let her, yes so I let her,

So sexy so tempting,
So pretty contemplating,
How to get her love me now,
Make she get a taste of my heart,
Took her to my crib now, in my drop top, took her top off, body was a

Jump off, started on the floor now, to the bed now, hands on the

Wall, devil was the bomb now.
She wouldn't leave me alone
Always calling my phone, feelee ahh she no gree.

That wasn't enough,
Wanted to take me home to her mom,
When I heard some cold comments off her mouth,
I suggest she leave me alone, why me.
Yes I insist why me, tell the truth
And don't lie to me,
Said u wanna get grammy,
But now u wanna come tie me,
U don see mugu (u don see mugu),
This doesn't feel too good (this doesn't feel too good),
I no do give me my space,

I no want commot for my face,
I say no abi u dey crase,

This thing don dey turn to disgrace,
She wouldn't leave me alone
Always calling my phone feelee ahh she no gree.

Sweet cinderella,
U look so fine like domitilla,
Don't know what I am gonna tell her
Maybe I should try some accapella
Lets go

Long thing
No long thing.
