So much cash in my mattress  
I had to sleep where the cats is  
Bro, tell me where the pack is  
I had to sleep where the rats is  
I drip with my bitch, high fashion  
These xans take me off the planet  
She sucking my dick like a addict  
I think we're addicted to fashion

Can you tell me 'fore we sleep tonight? Tell me who your favourite nigga is?  
Yeah, the baby girl so polite, no arrogance or ignorance  
Off-White, on 'peat, on sight, kill the pussy so diligent  
That's a sure sight, oh me, oh my, how we meet so militant

So much cash in my mattress  
I had to sleep where the cats is  
Bro, tell me where the pack is  
I had to sleep where the rats is  
I drip with my bitch, high fashion  
These xans take me off the planet  
She sucking my dick like a addict  
I think we're addicted to fashion

So I always thought you could be there  
Girl, you know I could be here  
If I pour a 8's, I won't feel it  
If I cum inside, I can't keep it  
I'm just tryna find a better me  
For your love, I find it's my destiny  
I mix the pills and promethazine  
See these niggas hating, I feel jealousy

So much cash in my mattress  
I had to sleep where the cats is  
Bro, tell me where the pack is  
I had to sleep where the rats is  
I drip with my bitch, high fashion  
These Xans take me off the planet  
She sucking my dick like a addict  
I think we're addicted to fashion

Cocaine key in my mattress  
Cocaine lines for my actress  
Stressed out, need a Xanax  
I got heroin on my Louis V fabric  
Baby girl please, play your part  
You know a few murders in me if you know my past  
Molly world, Molly world, Molly world, she cannot concentrate  
A brick of flake, a brick of heroin, hit him up  
Wake up, I'm on my way  
AK47 type of guns that we got, nigga, don't wanna conversate  
Lemonade, she smellin' my cup, she know the codeine can't tick it late

Baby, I can't think  
Say you want me to win  
My wrist wet, no sink  
She love this drip

No hands girl when you ride this dick  
Oh my god, those thighs are thick  
No plans girl, tonight is rare  
So I'm gon' hit this

Can you tell me 'fore we sleep tonight? Tell me who your favourite nigga is?  
Yeah, the baby girl so polite, no arrogance or ignorance  
Off-White, on 'peat, on sight, kill the pussy so diligent  
That's a sure sight, oh me, oh my, how we meet so militant
