

(Baby girl, I want) Baby girl, I want two of you
Baby girl, I want two of you, you so beautiful
Baby girl, I want two of you
Baby girl, I want two of you, you so beautiful, both of you

Yeah, yeah, baby girl, I want two of you
To come to this hotel suite and take on one of me
Gun so big, strap on this shoulder, dungarees
I'm only on pills and drink, I told my niggas "I'm done with we
ed"
She told me "When you fuck them girls, I no happy"
I'm tryna eat that pussy like crab meat
Jakes on my case, they at the back and they wanna grab me
Hot and cold flushes, the coke got her nose running
Bro call me "Bando", always knew I'd be a star

Ride around, ride around, they got the burners out
Free kid now, free kid now, she wanna turn me down
She wanna know something, drippy as hell like my nose running
Chop up the whole onion, I'm spending this cash but it's old mo
ney
I heard the cap in his raps, he ain't sellin' no crack and I'm
tired of that
I hit the back from the back, put my thumb inside, she liking t
hat
Hop on my dick, it's so big, she be riding this shit, you be ri
ding that
I'm loving designer swag, I'm spending these bands on designer
tags

Baby girl, I want two of you
To come to this hotel suite and take on one of me
Gun so big, strap on this shoulder, dungarees
I'm only on pills and drink, I told my niggas "I'm done with we
ed"
