

Girl, I know you want this codeine stuff, I pour it up and, girl
I, I love you both
You 'bout to cum, just rub your clit, I love the way you moan
It's the closest ones that break your trust and that shit hurt
the most
Girl, my heart is cold

Girl, we make mistakes
This codeine fun, I pour it up and, girl, I'm numbin' my pain
This dick so long, she tappin' out, and, girl, you tappin' away
Pussy so good, she can sit on my face
Codeine swimming through my veins

Show me that you love me, ink "Pino", go get that tat
She's trippin' if she's leavin' 'cause she knows she'll be right
back
Searched by the federale while I was leanin' on the jack
'Bout a kilo on my neck while I'm drippin' like a tap

Girl, I know you want this codeine stuff, I pour it up and, girl
I, I love you both
You 'bout to cum, just rub your clit, I love the way you moan
It's the closest ones that break your trust and that shit hurt
the most
Girl, my heart is cold

Got it in the middle of a drought
Tell me what you need, I'll sort it out (Out)
White bitch called Holly, I know her well (Yeah)
We just took a trip to molly world
Nearly half a kilo on the pendo, watch it swing (Ski)
Ran them M's up independently, we done our thing (Ski)
In the store gettin' Borwicks, binbags and some cling
If another girl could, she would, so fuck me like a king

Girl, I know you want this codeine stuff, I pour it up and, girl
I, I love you both
You 'bout to cum, just rub your clit, I love the way you moan
It's the closest ones that break your trust and that shit hurt
