

ILY (Interlude)

D-Block Europe

Remember when I used to take the bus down? Now a nigga pull that chain bust down
Take a shot of lean feel rushed now, baby girl I really wanna fuck now
Current whip Mercedes-Benz, next whip gotta be a Porsche
Have you really got me till the end? She just tell me darling of course...
I love you I love you I love you I love you
That pussy so good help me stay out of trouble

Pussy so good, so good, so good, so good
I tell you I love you when we lie its true
You take out the hood, make me behave so good
I'm tryna [?] in you...
You take me so damn high, sex on ice
Biting on my chains and your Carti rings my line
I scream sex, fuck you with no condoms cause its mine
Its just you yes, no more dick whenever you get upset

Remember when I used to take the bus down? Now a nigga pull that chain bust down
Take a shot of lean feel rushed now, baby girl I really wanna fuck now
Current whip Mercedes-Benz, next whip gotta be a Porsche
Have you really got me till the end? She just tell me darling of course...
I love you I love you I love you I love you
That pussy so good help me stay out of trouble
