

In Pain Season

D-Block Europe

Because I understand things and I understand
How people feel
In the aspect of oh, ok I know how it feels, to be alone
I know how it feels to be around people that feel alone like
I'll be around a million people and I'll still feel alone

Yeah, thirteen I was juggling with my steel blade
Situation at home really made me feel strange
First sentencing I told mummy to stay out
She kept it G though, you know that woman still came
No industry couldn't change me bro I'm still here
I was up in O'ski with my broskis up on Silk Lane
Celebration when that burner came, lifestyle like a roller coaster
How the fuck my young G lose my stash and catch a murder case
Still trappin', black heart, black Moncler is in fashion
Still at it, alleyways, council houses and addicts
Big Banton come through, big face Rolly is platinum
We some young, reckless niggas, pull up in a new Phantom

CID, got us looking through the peephole
I took a risk, I got it in with all my people
I'm surrounded by some evil
I'ma grab a stick and do a bid for all my people
There's some things that I can teach you
Last time I hit a lick, I split it with my people
You should never be deceitful
I'm 'bout to win but down to lose with all my people

I pour some lean, I hope it get me through my day today
All these scars up on my body, I can't feel the pain
Smoke these flavours, drink the lean, it take the pain away
Box of coke, a box of buj, a box of razor blades
Seventeen hundred and I ain't even bade today
She a hooker but I'm feelin' make her bae today
KB 22 we pull up in a brand new Range
LB, how you really livin' day to day
These niggas losing their mind, these niggas falling off
I'm hard-headed most time but my roof is soft
Whippin' work, I got magic on my Louboutins
I been stuck up in these streets, niggas want me gone
Made 50 thousand off the nova cane
How the fuck they tryna give me one thousand to go on stage
18, 20 on my watch and chain
How the fuck you stuntin' with your Bentley, Rolly at your age

CID, got us looking through the peephole
I took a risk, I got it in with all my people
I'm surrounded by some evil
I'ma grab a stick and do a bid for all my people
There's some things that I can teach you
Last time I hit a lick, I split it with my people
You should never be deceitful
I'm 'bout to win but down to lose with all my people
