D-Block Europe

I wonder darling if you trust me, where would we all grow?
New problems darling, work on the trust, this shit's getting old
L-O-V-E
Is this really L-O-V-E?
High in NYC
Is this really L-O-V-E?
And I'm on some codeine
Is this really L-O-V-E?
On the corner with a fiend
Is this really L-O-V-E?

Yeah, my baby mother jealous cah I'm up now
Every other day I'm shopping up town, yeah
Heard them niggas, they run out of luck now
When we see them, they're all getting cut now, yeah
L-O-V-E, wet pussy sitting on my tee, mm, mm, mm
M-O-V-E, after this one, we're living sweet like mm, mm, mm
And she told me that we can't do that again
Man we blow weed and I just took a Xan again
Yeah cocaine, five hundred grams again
Whipping in the pot with the magic in
Put a fours of the flake in the pot
And that white girl whipping on that Pyrex, Madeleine

I wonder darling if you trust me, where would we all grow?
New problems darling, work on the trust, this shit's getting old

Chanel C-C, girl, you a queen
So tell me what you mean
Girl, I live my dream, pull up on lean
Girl, just jump in my spaceship
Girl, if we fuck, you must stay still
Girl, I heard that pussy is amazing
So put it on my face quick, they really think I'm crazy
Just put double C's on you
I just poured some lean on you
I'm tryna lick it clean off you
And I'm really tryna fly away, just me and you, yeah
Fly away, fly away, vacate, baby girl, escape, that's a date, yeah
We can vacate, I be chilling on the moon, I'm in space
