

Bro, bro
DBE the fuckin' greatest out
If it ain't DBE, I don't fuckin' know
I don't know
(Stay with Vegas on the wave)

There ain't another team that work as hard as us (Hard as us)
Send my brother on a drill, we had to mask him up (Mask him up)
I had holes in my heart, I got them plastered up (Plastered up)
It's a shame you had to lose but that's karma (Karma)
Got me schemin', schemin', schemin' for some bankrolls (Bankroll)
She goin' Hermès every season for the sandals (Sandals)
She so curvy, I be grippin' on her handles (Handles)
These diamonds flickin', drippin' like we blow the candle (Yeah)

I love it when your hair's wet, love it when it's braided (Yeah)
I went invisible on my stones, she went invisible on her bracelets (Yeah)
And I'm only drinkin' Patrón, that's the reason I'm actin' outrageous (Uh)
She got university loan, oh shit, I forgot that I paid it, I'm brazy (Yeah)
Fillin' up at the Texaco in the Lamb truck goin' Cannes (Oh yeah)
Only goin' for a week 'cause I know you gotta get back for exams (Oh yeah)
Those niggas movin' deceitful, ain't no gettin' back on the gang (No, no)
Gotta stay sharp like a eagle, always on my feet, I got plans

Girl I know you started, let me finish, yeah
I started out the mud, I've been killin' shit
Baby, I'm a thug, are you here to win?
Baby, I'm on drugs, but I'm genuine

Twenty-eight grams of weed, seven molly

She wanna put my on her OnlyFans, oh no, not me
They're gonna tell by the tats and the platinum Rollie
Four-hundred K on the Rolls-Royce, came with a brolly
So when it rains and it pours I will not get poorly
I got this codeine comin' out my pores like a nigga been poorly
Half a grand on a steak but I came up from Morley's
I ordered fifteen of the raw
I sent the youngins through his door
I spent a hundred on
I'm really doin' better than VR
