

System's goin' on straight drugs
Girl, I think you make love
I just wanna make up
Reasons why we date, love
Girl, I wanna make love
I really wanna take drugs

System's goin' on straight drugs
Girl, I think you make love
I just wanna make up
Reasons why we date, love
Girl, I wanna make love
I really wanna take drugs

Pay attention, girl, I'm pourin' up
I've got codeine swimmin' in my double cup
Girl, I'm from the streets, I'm from the mud
All this codeine, girl, I'm really feelin' numb
Said, they can't compare
The Audemars more rare
Eatin' on that pussy, no less
Addicted to sex
Girl, you rare, girl, I can't compare
Let's get on the meds
I need rest
Girl, I think I'm stressed
She need hugs
I'ma fuck, I need this love too
She need hugs
I'ma fuck, I need this love too
I supercharge the Audemar
We fuck in cars too
Girl, we see the stars
Girl, we sell these drugs
A hundred thousand carats for this foreign car

System's goin' on straight drugs
Girl, I think you make love
I just wanna make up
Reasons why we date, love
Girl, I wanna make love
I really wanna take drugs

System's goin' on straight drugs
Girl, I think you make love
I just wanna make up
Reasons why we date, love
Girl, I wanna make love
I really wanna take drugs

I'm sippin' lean, got my heart beatin' so slow (Doo doo doo)
Bad bitch ride the train like a pro (Choo choo choo)
Yeah, I got ecstasy and I got MD
We shooters, baby, but we friendly
I got a nigga on the way
And the MAC hold thirty-two shots
But the clip leavin' empty

Need a, need a bad little ting now
Mmm hmm, bonjour, ça va
My little ting from Paris a diva
Can we get a minute of silence?
Kill that pussy, so violent
Cadbury's, chocolate chip inside
I fuck strippers, I fuck normal bitches
I fuck famous girls
Bought a Birkin for my daughter
Baby girl, that's my world
Play your part with me, then you'll be well

System's goin' on straight drugs
Girl, I think you make love
I just wanna make up
Reasons why we date, love
Girl, I wanna make love
I really wanna take drugs

System's goin' on straight drugs
Girl, I think you make love
I just wanna make up
Reasons why we date, love
Girl, I wanna make love
I really wanna take drugs
