

Rap Saved Me

D-Block Europe

Yeezys 700 on my feet, drive the porsche like it's stolen
Ima keep running through these cheques, till my whole necks golden
I can see the hate in their smile, fuck it I don't owe them

Yeah, Sippin on some Lean know I'm sayin
Fuck the easy route, you know I chose the hard way
Fuck niggas on my name that I ain't heard of before
He ain't no hitter he ain't ever tried a murder before

Like my baby get a new compressor
If he did it he won't tell you take it out the dresser
Count me out and let that money count up
Said she love me I nearly fell for it
Her mind get clever

I don't fuck with 12
I don't fuck with 12s
Take my girl Chanel, make her drip aswell

Them niggas owe me, she said you own me
And ima get that pussy wetter than my rollie
Eyebags this week, all week, no sleep
Had to run it up skipping leg day for the whole week
Yeahhhh

Signed a single deal left O.T
And the next two weeks said hello to my daughter
Hit the plug up and collect whole keys
But the shit was so peak, bro I came up from a quarter

I go states for a week, ima take her with me
Now I got these jealous bitches hating on me
Steak when I eat, made mistakes from a teen
Balmains with the Loubs, when I'm walking I bleed

I promised my girl I'll take her to the sky
Missed the fucking flight
Took her to The Shard like my bro, woah woah
I can't tell a lie, rapping saved my life
I fell off a chord, I can't fall off life cah we o-o-on
Diamonds doing dancing I'm gon show-ow-ow

VIP for free tell her no no
Finesse the plug, half a brick of light
My kryptonite at my crib tonight

Them niggas owe me, she said you own me
And ima get that pussy wetter than my rollie
Eyebags this week, all week, no sleep
Had to run it up skipping leg day for the whole week
Yeahhhh

Them niggas owe me, she said you own me
And ima get that pussy wetter than my rollie
Eyebags this week, all week, no sleep
Had to run it up skipping leg day for the whole week
Yeahhhh
