

# Repentance

D-Block Europe

I know, I know (Ski, ski, ski)

New coupe, stuntin', we ain't blandin'  
Prayin' to Allah, I need repentance  
Yeah, I need repentance  
Where I'm from, the burners are expensive  
Shoot you for that shit that your friend did  
That your fuckin' friend did  
Shoot the other side and hit the nigga on defences  
Hit the nigga off the fence quick  
Yeah, they stabbed my nigga, so this is revenge  
MAC 11 louder than the Lamborghini engine  
Gave me a massage like hee hee  
I wanna menage, me and TT  
Me and Jackboy, show you how to jack a nigga easy  
Fucked her in the shard, she just pee pee  
Flew that bitch out, Santorini  
Sellin' crack, smokin' sour D  
Twenty thousand when I'm shoppin' in GG  
Hit a nigga, kill a nigga so easy

Can't go nowhere without a hammer  
Since I got the fame, I move like I'm in danger  
Sendin' 30 at ya, I ain't tryna tangle  
Sniper on the roof, he shoot from every angle  
Pull up in fire, leave the block hot  
Hangin' out the window, fuck a droptop  
Say you want smoke, nigga, hotbox  
My lil' pride gon' have me in the cell block  
My lil' pride gon' have me on the news  
My lil' pride make me hit her with the tool  
I was broke, so I said "Fuck school"  
I was broke, so I robbed him out his shoes

New coupe, stuntin', we ain't blandin'  
Prayin' to Allah, I need repentance  
Yeah, I need repentance  
Where I'm from, the burners are expensive

I got birds in the Wraith  
Still got birds in the safe  
I pop a Xanny, still awake, yeah  
I took a turn from the jakes

He a worm, he a snake  
Still got metal on my waist, yeah  
I'm off 29, I'm smokin' smoothie  
She countin' all our diamonds like a groupie  
Tongue up in her pussy, she say "Ooh wee"  
She said "Please, quit the lean or you'll lose me"  
Girl, I gotta restate  
Fuck you like a mistake  
Roley Poly, chocolate, that's 30K just for this face  
Dick up in her butt and she say "Glee, glee, glee"  
All she know is DBE

New coupe, stuntin', we ain't blandin'  
Prayin' to Allah, I need repentance  
Yeah, I need repentance
