BEATFREAKZ (BEATFREAKZ)

Mm, mm, mm

This ain't no love song

I said "Tell me can a thug show his feelings?" (Mm, mm)

Knew that it was love from the beginning (Mm, mm)

Now my heart broke, it need healing (Mm, mm)

Pourin' lean up in my cup, it's overflowing (Yeah)

I'm mixing lean with the pills like a nigga wanna die young

I'd rather break your heart 'fore you label me a liar

Make up sex, just fucked on the kitchen dryer

I don't wanna see you cry, yeah, dry your eyes up

Ooh, she said "You lost me"

Ooh, when you double-cross me

She said "If we meet at another time

In a different world, in a different life

And you're a different guy, then we can do it properly"

I said "Tell me can a thug show his feelings?" (Mm, mm)

Knew that it was love from the beginning (Mm, mm)

Now my heart broke, it need healing (Mm, mm)

Pourin' lean up in my cup, it's overflowing

I said "Tell me can a thug show his feelings?" (Mm, mm)

Knew that it was love from the beginning (Mm, mm)

Now my heart broke, it need healing (Mm, mm)

Pourin' lean up in my cup, it's overflowing

Ex-ex-ex-ex nigga was a lame, now she's scared to give her heart

I can't show you 'bout my brain, I've got parts that's really dark

I'ma get you every single Louis bag if you can play your part

Get you every single Chanel kicks if you can play your part

I swear the last time we fucked, it felt like the first time

I'm tryna eat the pussy in the morning before you work right

What do you prefer, the Rangey or the Merc sign?

But we're sittin' in red seats like red meat, I swerved mine

I said "Tell me can a thug show his feelings?" (Mm, mm)

Knew that it was love from the beginning (Mm, mm)

Now my heart broke, it need healing (Mm, mm)

Pourin' lean up in my cup, it's overflowing

I said "Tell me can a thug show his feelings?" (Mm, mm)

Knew that it was love from the beginning (Mm, mm)

Now my heart broke, it need healing (Mm, mm)

Pourin' lean up in my cup, it's overflowing

Tell me your problems, girl, I'll listen

I got codeine in my system

When I eat that pussy, pay attention

Without your love, there's something missing

I can't feel the same without my drugs

All these pills, all these Xans, she came for fun

I know [?], I know it's real

I fill my cup and all this shit above

All this codeine got me numb

I'm way richer than your ex, so tell your next, yeah

I'm in Amiri while my Fendi feelin' bless yeah

I said "Tell me can a thug show his feelings?" (Mm, mm)  
Knew that it was love from the beginning (Mm, mm)  
Now my heart broke, it need healing (Mm, mm)  
Pourin' lean up in my cup, it's overspilling
