D-Block Europe

Why you trying to argue with man you got work in the morning
And why you gotta start it with man you can't hear what you're starting
If I ever say something back, ooh it's a love thing, ohh yeahh

Take you down to Harrods, let me know
Girl if you're down I'll pick you up
Said she never loved [?]
Oh yeah yeah
Oh yeah yeah
Take you down to Harrods, let me know
Girl if you're down I'll pick you up
Said she never loved [?]

I pull up fresh like the first day of school
I never ever said I knew it all
I said I'll be there if you fall
They know it's me just by the jewels
I get so high in the week, I forget about the weekend
I make money in my sleep, I make money when I'm dreaming

Take you down to Harrods, let me know
Girl if you're down I'll pick you up
Said she never loved [?]
Oh yeah yeah
