

# Nuclear Funeral

D.I.

When I woke today  
Kids going out to play  
If they only knew  
Bombs ready to their drops  
Scums sitting just like slobs  
38 and 30  
All going every day  
Your life of complacency  
?  
Every time we're looking down  
Everybody was around  
Watch out for your bodies, man  
Watch out for that flash of light  
You're destined for a nuclear funeral  
Everybody in this world, all the little boys and girls  
You're destined for a nuclear funeral  
Everybody else she knows dead, dead, dead, dead, dead  
Oh, can this be a dream?  
It's a military joy  
Break the little babies toy  
Everybody loves to scream  
Bodies flying into the wall  
Time for the curtain call  
Everybody stops to scream  
One more time for you  
One more time for you  
Everybody loves to scream  
Watch out for that flash of light  
Cos you're destined for a nuclear funeral  
Everybody in this world, all the little boys and girls  
All of you destined for a nuclear funeral  
Everybody that you know's dead  
Are you destined for a nuclear funeral?  
Everybody in this world, all the little boys and girls  
Are you destined for a nuclear funeral  
Everybody that you know's dead, dead, dead, dead, dead  
It's a sickle, it's a hammer (4x)  
Are you destined for a nuclear funeral?  
Everybody in this world, all the little boys and girls  
Are you destined for a nuclear funeral?  
Everybody that you know's dead
