

## Stand Up

D.I.

When we get the 81's we'll ship'em right to you  
It's the American way it's the thing to do  
I can take anything I want  
The right to choose is always mine  
I'm counting on you to stand up, stand up and strike  
I'm counting on you, stand up...  
I walk the streets I kill for fun  
But I feel like I'm the only one  
I'm counting on you, to stand up and strike  
I'm counting on you  
Stand up.....and strike.....  
We got the new catalog, it's got all the neat guns  
We can trade 'em to you for all kinds goods  
We wheat or some beds  
We can get some sheets and we can get some stuff  
And we'll send you all kinds of fire power  
We'll let you fight our wars for us  
And we won't see one stain of blood  
Cuz you really think that this game's all set  
Let the battle go on over there, I don't want to sweat
