

What Is Life

D.I.

People gotta listen to what I say
Ain't no, it ain't no big thing
Make no thumbs about it
Droppin' your troubles at the doorway
Listen for me
What is life, what is life - it's just a party

Givin' it, givin' it all to me
People gotta listen to what I say
The music, revolution, and it's liberating me
Leave the dead weight and the world behind you
Listen for me
What is life, what is life - it's just a party

Givin' it, givin' it all to me
Leave your troubles at the doorway
Listen for me
