

## I'm Right, You're Wrong

D.O.A.

i'm right, you're wrong - an we both know it. i'm right, you're wrong - an it's no secret. i'm right, you're wrong - but you got the power. what do ya mean - when ya stare at me. you think we're nothing - but things will change. we may be crazy - but we're not insane. i'm right, you're wrong - but you got the power. i'm right, you're wrong - an we all know it. i'm right, you're wrong - so let's break it. your gonna fall - you set yourself up. you can't stall - it's crumbling down. out of the way - it's been standing too long. i'm right, you're wrong - but you got the power. i'm right you're wrong - an we all know it. i'm right, you're wrong - so we'll have to break it. i'm right, you're wrojng - but you got the power. i'm right, you're wrong an we all know it. i'm right, you're wrong - so we'll have to take it.
