

New Age

D.O.A.

New age, I don't believe you,
You give nothing I can use.
New age, I don't believe you
But everybody wondering what to do.
What do you want me to say.
And what do you want me to do.

Everybody going out of their heads
just runnin' around like a fool.
New age, I don't believe you, you slice
me up like a cutting tool.
New age, don't let it deceive you,
pull the plug, don't let it rule.
You put me in a corner.
While you're trying to keep order.
You know there's only one way out.
Everybody's gonna scream and shout.

New age, I don't believe you,
I thought you were talkin' about something new.
New age, I'm gonna destroy you,
after what you put me through.
I'm still gonna be alive when you're
through this time.

New age, I don't believe you,
you slice me up like a cutting tool.
New age, I don't believe you,
I won't drown in your concrete pool.

America is so proud, new streets
and a brand new crowd.
But it's just the same old garbage,
hangin' around draggin' me down.

New age, I don't believe you,
I'm not a pawn that you can use.
New age, don't let it deceive you,
pull the plug, don't let it rule.
It's a new age a new age a
new age and one that you can't use.
