

Fat Lady

D-Pryde

Holla
Alright
I got my pocket stack I mean it
Haters I got plenty
Money chasing, trying to squeeze them
A million out a penny
Invested in the best way
Left critics so impressed I had them bob so much
They might've had to cop a freaking neck brace
Cruising through express lanes
Full throttle they don't know
Before you ride the road to fame
Boy you gotta pay your toll
Jay I got 'em we gon' go
Further than we'll all imagine
I'm a savage and in all these lost careers
It's my bad habit
They don't think I got the right noise
Like I ain't the right choice
They don't like my image and
How I sound like a white boy
I got these comments told 'em
That I wouldn't fairly send
Cause in a Jerry scary varying

They said they wouldn't
Let me in this building now
But then we all broke in
And just shook the place down
They told us we were messing
We won't go for long
But we won't stoppin' until the fat lady sings
We gonna rock this show forever, come on
We won't stoppin' until the fat lady sings
We gonna rock this show forever like yeah
Go go go go go
We gonna rock this show forever, come on
Yeah

I've been denied more than once
Through that I'll rise, nowhere but up
What's the limit, that don't exist
I saw greatness in the mirror
I have seen more of it since
Better than these little critics
Just thinking that their opinions
Shed light on the fact I care
I never did and that's finished
Since I'm yellow like the Simpsons
That I don't really think that's popular
But you will never see this man down
Sorry officer, hate is more like molecules
All you look like goblin food
Waving like a dolphin dude
Hopping like a kongaroo
Oops I mean kangaroo
Burning y'all like acid

Got the love of your whole life
Like baby stop it you're so nasty eww
Every city, we just burn the roof and kill the ceiling
We just show up on the stage like
Boy we 'bout to make a killing
A dope life isn't it
Tearin' rapper's ligament
Kill it, check the fingerprints
In the end

They said they wouldn't
Let me in this building now
But then we all broke in
And just shook the place down
They told us we were messing
We won't go for long
But we won't stoppin' until the fat lady sings
We gonna rock this show forever, come on
We won't stoppin' until the fat lady sings
We gonna rock this show forever like yeah
Go go go go go
We gonna rock this show forever, come on
Yeah

You're about to witness greatness trick
'Bout to witness greatness trick
Thought 'em haters shut their mouth cause
They don't get a taste of it
I do my thing, tell 'em I do my thing
And tell them it ain't over
'Till the fat lady sings

They said they wouldn't
Let me in this building no
But then we all broke in
And just shook the place down
They told us we were messing
We won't go for long
But we won't stoppin' until the fat lady sings
We gonna rock this show forever, come on
We won't stoppin' until the fat lady sings
We gonna rock this show forever like yeah
Go go go go go
We gonna rock this show forever, come on
You're about to witness greatness trick
About to witness greatness trick
Greatness trick, greatness trick
We gonna rock this show forever, come on
You're about to witness greatness trick
About to witness greatness trick
Greatness trick, greatness trick
We gonna rock this show forever, come on
Yeah, yeah, yeah, yeah, yeah, yeah
