

# Highway

D-Pryde

Last night I took the hooptie for a ride,  
Ready for a road trip  
Aye, I'm on the highway,  
Sittin' sideways,  
Feelin' focused

I'm on the road,

Haters be in my rear view vision  
Keepin' so foward from this weird new distance  
The top's lookin' closer as I breathe deepstress  
Pin pointing my new goal into my GPS, & ventured out  
Over the speedlimit,  
Why not?  
Where my heart used to be I got a ice box  
Feelin' depressed and I'll be missin' no doubt,  
But you gotta go through hell before you chill in the clouds  
Got my key in ignition,  
So I'm speeding and swerving in this life that we live in nobody's peaceful  
and perfect  
I'm tryna speed to my goal  
This show and prove me  
Ain't no traffic in my way,  
I'm rollin' smoothly  
They really say I'm whack but they will not control this movie,  
If you make this road slippery I'm Kristi Yamaguchi!  
Yeah,  
Desires yearning,  
I am certain,  
Time for work,  
I change my gears,  
Tires burnin' & Ah

I got my foot on the gas,  
And my eye on the road  
And Baby I'm speedin',  
Tell them all "Here I go"

I'm ridin' in a car with  
No brakes, no brakes  
And I'll be on the highway to success

No brakes,  
No brakes,  
Accelerate

I'm goin' away...  
Ain't nobody gettin' in the way of my day,  
I'm in a car with no brakes on the highway

Ayyee, everythin' is feelin' right and alive,  
Even though got no license to drive  
I put my head into this goal & I'm a clash through it  
And over pass any man who says I can't do it  
Over lookin' all this trouble as I burst by,  
And I never claim street I claim world wide  
When I'm in danger I just still feel hyper,

Cause I'm pushing negativity with windshield wipers  
I love my life too much for me to stand by,  
Livin' the fast life speedin' past and that's why

Last night I took the hooptie for a ride,  
Ready for a roadtrip

Aye, I'm on the highway,  
Sittin' sideways,  
Feelin' focused

(Yeeaahhh)  
I got my foot on the gas,  
And my eye on the road  
And Baby I'm speedin',  
Tell them all "Here I go"

(Here I go here I go)  
I'm ridin' in a car with  
No brakes, no brakes  
And I'll be on the highway to success

No brakes  
No brakes  
Accelerate

I'm goin' away  
I'm goin' away

I got my foot on the gas  
And my eye on the road  
Baby I'm speedin' tell em'  
"Here I go" (here I go)  
I'm ridin' in a car with  
No brakes no brakes  
And I'll be on the highway to success

No brakes  
No brakes  
Accelerate

I'm goin' away... Aye
