D-Pryde

I used to be the youngin' that would dream
But everybody said he don't up to nothing
Got picked up they threw down wasn't part of the cool crowd
Now my crowd is huge and it's a different month
New town still haven't made it yet
I've known I gotta work... even though my shoe game
Is not berserk they still kick it with me
I ain't got fat pockets I'm just reppin for the kids
That deal with mad probs... man music is all I really know
Couldn't ace a test even if it saved my life
I'm just an fearing that I would grow up to be my father
But my momma keeps me up but I know that because she raises me right
I said I got her, I'm hungry, I'm getting malnourished...
Forget a chain, I'm more concerned about a house purchase
Now I'mma do it cause they said it would be impossible
Through every common obstacle
I'll make you proud I got you all yeah!

As I live my life... I'm living out my dreams
Now it will be alright... I love you
I just wanna make you proud of me
I have this aiming life... success is what I need
And it will be alright... I love you
I just wanna make you proud of me

Now yeah, want a Porsche like Phillip
Jason told me, kill it so I gotta rhyme and preach
Throwback Rozay I push it to the limit
Even though I clean it I still can homicide a beat uh
Kicked it out of the littlest room, that 50 cent make is all I'm listening to
Told me I be the biggest goggles when these Asian cats on
After that I knew that I would last long
The bullies would pull you down, But your heart will be hard as steel on the real
Care about your family and dollar bills
Like a dollar dollar bill y'all speaking and think
You don't need stitches in your stomach
Buy munease you would admit to all those dudes
Who made fun of me saying that I was dumb beat?
Yet those 15000 other rappers yet there is only one me
Now ima do it cause they said it would be impossible
Through every common obstacle
I'll make you proud I got you all haah!

As I live my life... I'm living out my dreams
Now it will be alright... I love you
I just wanna make you proud of me
I have this aiming life... success is what I need
And it will be alright... I love you
I just wanna make you proud of me

Proud of me
Proud of me
Proud of me
Proud of me
Proud of me

Me, Me, Me

As I live my life... I'm living out my dreams
Now it will be alright... I love you
I just wanna make you proud of me
I have this aiming life... success is what I need
And it will be alright... I love you
I just wanna make you proud of me
