

Royals

D-Pryde

Yeaah!
Go time.

Rolled up on my old girl, haircut like James Dean and their swag is still 240p, I'm 1080HD.

Money low, but my city loves me - made a name for myself in my late teens.

I went 8 Queens, they all 18 that whited 'em all out - shaved cream.

All in her mouth like a canker sore.

Rolled the beat, destroyed the song.

Played the game and I owned them all;

I dunked the ball - Earl Boykins tall I mugged the boy that's Nate Robinson - huge blaze, short guy.

Stuntin' on these trash talkers - I'm too real, I ain't your kind.

Royal, motherfucker, royal, motherfucker - ohh.

Money where my brothers brothers stuntin' with my pho.

Yellow like the yolk, just a little bit of sunshine.

Girlies better be there for me like a bus time.

They just mad' cause I cut lines.

All you other rappers do like everything but rhyme.

You can out-sweg any other squad but mine.

You can steal my girl, lil' homie, 'cause that butt miiiiiiiiiiight & that 9 to 5 ain't me.

Tryna buy islands just to privatize my life so I can sleep... peacefully.

Lil' homie, please leave me alone.

Brushin' brushin' haters off and I don't need me a comb.

So, baby, chill with my set; my team isn't a threat.

And I don't care 'bout other rappers, I got kittens to pet.

I'll leave the city painted red, no su-woop.

OooOoOooOo, killed them, my screw's loose. I'mma fill mut, no YouTube.

And you could do like everything you want, as long as I don't have a buy you no East Saint Laurent.

I'm just a normal kid and I don't think that is my thing.

Just a peasant in this game but I'm living like a king.

And my crew's back, who's that? Us, baby - move back.

I don't care about your page, bitch - close that, new tab.

Fans like a boyband. Shows like a rockstar.

Played the show like young Em (Eminem).

Louder than a cop car. Royal, motherfucker, royal, motherfucker - ohhh.

Money where my brother, brothers stunting with my pho.

Boy got a deal but he never really changed.

IT'S D-P-R-Y-D-E

ALMIGHTY, know the name. Peace.
